Sparkle and Shine

Details on why this person/team is being recognized.

I would like to nominate board member Adam Patterson for Sparkle and Shine. Adam went above and beyond the call of duty by helping a family who had been in a wreck obtain a car seat; so mom was able to transport child home safely after such a scary experience for both mom and child. Although he did not personally install the car seat fire fighter Ricki woods did (also deserving of a renegotiation) Adams quick thinking is the reason that child is traveling a lot safer and his mother has peace of mind. It has always been a joy to partner with the fire department when it comes to child seats and making travel safer for all families but it is especially helpful to have one of them on our board who is knowledgeable about all our services, who is more than willing to step up when RCDC's in house technicians may not be available and still help us deliver quality services. That is true team work and without the help and support we get from our board members we would not be able to deliver the high quality job we do. So Adam thank you so much for all your help and support, for offering your background knowledge to us. I cant think of anyone more deserving of this recognition.

What is the name of the person/team you are recognizing?

Bethanee Pasek

What category are you recognizing this person/team for?

Sparkle and Shine

Details on why this person/team is being recognized.

I just want to give a huge shout out to one of our Speech Therapists, Bethanee Pasek! She has been a great help! I had a kiddo on my caseload that I was helping build their communication skills. I reached my scope of practice quickly as I came to realize that this kiddo was having some unique troubles imitating and saying words. It looked different than what I've ever seen. Bethanee and I teamed on him regularly until thinking about the option of an AAC device. Immediately after parents were on board with this, Bethanee initiated the process through their insurance, completed her evaluation report, and submitted everything in a timely manner. He was turning three soon, so we didn't have much time. Long story short, he trialed his device and met both of his outcomes because of the device all in a few weeks. His insurance approved for him to keep his communication device, and the family was all set prior to transition. Bethanee is an efficient, exceptional SLP who values the voice of our young! Thank you, Bethanee, for sharing your spark and shine with us at RCDC!
