

# ABOUT JAN

Jan graduated from college with a degree in elementary education. Which she put to use by teaching kindergarten for 9 years in Dodge City. She also coached toddlers to Pre-teens at a local gymnastics gym. From there she became a stay-at-home mom. She is now in the field of teaching again, this time by homeschooling her own children. She is approaching her 4th year of facilitating Learn and Play. The program has been a great creative outlet for her to continue to use her knowledge of how children develop, and learn, as well as letting her connect with many wonderful families in her community! She loves getting to watch the kids gain new skills and getting to build those relationships with both parents and children. In her free time, you will most likely find her spending time with her husband and three children. As well as attending class at the CrossFit gym, or taking a nap.
